

Dear Concern,

I hope this email finds you well. Please find attached my CV in connection with the opportunities you have in your department of Growth Analyst. Being a Tech and Computer Science enthusiast, I was looking for opportunities that are focused on IT technologies. Hence, I found your platform relevant to my areas of expertise. I have enlisted my work experiences where I mostly worked in diverse positions in the area of data analyst/ scientist and as machine learning engineer positions. My academic background, I have graduated from BRAC University, majoring in Computer Science and Engineering. I believe I can be the best fit for the position, dedicated with a learning mindset with strong work ethics, a hard-working individual who can both work as a team member and an efficient individual in IT sections. and capable of taking the responsibilities and delivering projects according to the requirements. However, I would appreciate it if you could arrange an assessment of my abilities at any time, and I am looking forward to scheduling a personal interview. Please, go through my portfolio on my GitHub profile, sample write up and CV to get an actual idea of my working area and expertise.
